

NWWF 2021 Registration

Hello and welcome to the New World of Work 2021 Registration Form! The Student Project Management Team is excited to present this year's events for the Arts & Science student body. Please note that there will be limits to the number of students in each event listed below, so we will confirm with you which you are formally invited to after registration closes. We expect you to be present at the events you register for, so in the case that you can no longer make it to a certain event, please let one of us know as soon as possible so that we can open up that spot to another student on the waiting list.

Warmest regards,
The NWWF 2021 Student Project Management Team
Henry Challen (Level III), Isabel Diavolitsis (Level III), Nisha Gill (Level II), Katerina Simantirakis (Level IV)
