COURSE DESCRIPTION:
Hartley: Oh. Hi everyone! Welcome to Arts and Science 3CL3. You’re probably wondering what this course is about? Well, as you can likely infer from the course title, the course will explore the field of applied drama. Is anyone familiar with that term?
Bert: Is applied drama how drama can be used as a tool for personal or social development?
Hartley: Exactly. The course is structured as an experiential course so during class we will engage with exercises to experience the field of Applied Drama.
Bert: I see.
Hartley: After the exercises we’ll have a chance to debrief as a class and discuss ideas and concepts raised from the experiences and the course readings.
Bert: What topics will be covered?
Hartley: We will be discussing the history and practice of applied drama including Epic Theatre, Theatre of the Oppressed, Performance Studies, Verbatim/Research-Based Theatre as well as concepts such as power and the construction of social norms. We will also explore how drama can be used as an interdisciplinary methodology in scientific and health care environments.
Bert: Sounds interesting.
Hartley: Theatre skills are life skills and, throughout the semester, students will be introduced to a range of different approaches to acting and performance. The objective is to provide entry points to enhance skills such as communication, collaboration, and empathy.
Bert: But...I have absolutely zero theatre experience.
Hartley: The course does not require any previous acting or theatre experience so do not worry.

COURSE OBJECTIVES:
- Develop an understanding of the field of Applied Drama and how drama can be used as a tool for personal and social development.
- Explore how drama is used as an interdisciplinary research methodology.
- Develop transferable skills such as communication, presence, ensemble work and active listening.
- Enhance creativity and creative thinking.
- Develop comfort with uncertainty and ambiguity.
- Regain play (serious play).
ASSIGNMENTS & EVALUATION:
In-class/online participation and discussion (20%)
Due to the nature of the course, participation is essential to the pedagogical process. Throughout the course students will engage with exercises, in-class discussions, scene performances and assigned readings. Ideas and issues raised in the scene work/class discussions may be posted online for further exploration.

You will not be evaluated based on your acting/performance skills but rather the effort and commitment you put into the work, your critical analysis of course material/exercises and your willingness to take risks and push yourself in new directions.

** There may be theatre-based experiences that require participation in outside of class time. Details to follow in class.

In the event of illness, personal emergency or extenuating circumstances please see the MSAF Policy, below. Penalties for an unexcused absence is 2%

Journal Reflections (25%)
Journal reflections are to record academic exploration, personal reflection and development throughout the course. This may include responses to work done in class, discussion of assigned readings, individual research, and/or an analysis of personal progression/growth.

Note: In your discussion of class experiences do not simply recap the exercises/class activities (except in basic terms), rather describe your performance within it, your observations, thoughts, and feelings. Then go deeper and analyze your experience.

Reflections must be submitted by the beginning of class.

Final Project (25%) – Wednesday December 6, 2017
Students will share their final projects during our last class. The final project is open-ended and students have the freedom to explore an area that interests them/benefits their growth in the course. Sustainable Written Work Submission Guidelines:
The written work submission guidelines have been chosen to support the more sustainable use of paper, energy, and toner, and meet the Gold Standard of the Office of Sustainability; http://www.mcmaster.ca/sustainability/. All written work should be submitted in the following format: double-sided printing (if possible), no title page, using 11 pt. font, and 1.5 line spacing.

McMaster Policy on Academic Integrity:
You are expected to exhibit honesty and use ethical behaviour in all aspects of the learning process. Academic credentials you earn are rooted in principles of honesty and academic integrity. Academic dishonesty is to knowingly act or fail to act in a way that results or could result in unearned academic credit or advantage. This behaviour can result in serious consequences—e.g., the grade of zero on an assignment, loss of credit with a notation on the transcript (notation reads: “Grade of F assigned for academic dishonesty”), and/or suspension or expulsion from the university. It is your responsibility to understand what constitutes academic dishonesty. For information on the various types of academic dishonesty, please refer to the Academic Integrity Policy, located at: http://www.mcmaster.ca/academicintegrity. The following illustrates only three forms of academic dishonesty: 1) Plagiarism—e.g., the submission of work that is not one’s own or for which other credit has been obtained. 2) Improper collaboration in group work. 3) Copying or using unauthorized aids in tests and examinations.

McMaster Student Absence Form (MSAF):
In the event of an absence, students should review and follow the Academic Regulations in the Undergraduate Calendar “Requests for Relief for Missed Academic Term Work.” Please consult the MSAF statement on our website (https://artsci.mcmaster.ca/forms-requests/) and direct any questions or concerns to Shelley Anderson or Rebecca Bishop in the Arts & Science Program Office as appropriate.

Academic Accommodation of Students with Disabilities:
Students who require academic accommodation must contact Student Accessibility Services (SAS) to make arrangements with a Program Coordinator. Academic accommodations must be arranged for each term of study. Student Accessibility Services can be contacted by phone 905-525-9140 ext. 28652 or email sas@mcmaster.ca. For further information, consult McMaster University’s Policy for Academic Accommodation of Students with Disabilities.
