Arts & Science 3EH3 – Exploring Hamilton Inquiry
2018-2019 (Term 1)

Instructor: Dr. John Maclachlan
Telephone: (905) 525-9140, ext 24195
Email: maclacjc@mcmaster.ca

Office: GSB 230
Office Hours: M: 10:30-11:30
Class Times: M: 11:30-2:20; KTH B107

Course Description:
In this course, we will have the opportunity to explore the City of Hamilton from political, community and geologic perspectives. Our focus will revolve around opportunities to interact with members of the community throughout this course and to assist in exploring the challenges and successes of this dynamic and changing city. This will all be completed through classroom discussion, bus trips to areas within the City and the occasional van rental.

The course will be organized in a unique manner. We will be spending much of our class time in discussions with various members of the Hamilton community, often off campus. For example, we are meeting with Steve Watts of the Bay Area Restoration Council before embarking on a tour to discuss the environment and ecology of Hamilton Harbour. There will also be discussions with the executives from the Hamilton Tiger-Cats at Tim Hortons Field and members of the Beasley Community. Not all classes will be away from the assigned classroom as we will take in-class opportunities to explore questions such as ‘How are escalating real estate prices affecting the City’ and ‘Is the LRT a good thing or not?’

Course Objectives:
Upon successful completion of this course, students should be able to:
1. Communicate the complex municipal issues of the City of Hamilton
2. Discuss the future directions of the City of Hamilton
3. Relate the challenges and opportunities of the City of Hamilton to various municipalities

Required Texts:
There is no textbook for this course although readings will be assigned both by the instructor and the guest speakers no longer than a week prior to them being necessary. When possible all readings will be posted on Avenue.

Assignments and Evaluation:
Reflections
Bus Ride
Student Seminar and paper
Weekly (September – December) = 20%
November 20th = 10%
Various (Nov. 28th for paper) = 35%

Choose 2 of 5 assignments
Oct. 23th and Nov. 13th = 20%

Participation
Throughout term = 15%

General Course Schedule
As this course will have potential complications in scheduling due to both weather and guest lectures the following schedule is meant as a guide and may change. The schedule will be updated on Avenue as changes occur. The course readings will be, for the most part, determined by the class during the selection of your seminar projects.

September 10th – Introduction and course outline
September 17th – Discussion of the classes views on Hamilton and determining questions to ask McMaster President, Patrick Deane. A set of readings is to be created by the class (details posted on Avenue)
September 24th – Discussing the Hamilton waterfront (on location) with the Bay Area Restoration Council

Not all disciplines, fields, etc. are equally attractive to the public. A very attractive area in which to place a research emphasis is that of the city’s economic activity as seen in its growth and development.
October 1st – A look at urban sprawl with Hamilton City Planners Jeremy Parsons and Jennifer Roth.
October 8th - Thanksgiving
October 15th – A visit from McMaster President Patrick Deane.
October 22nd -- Meeting with the Hamilton Community Association.
October 29th – The ‘bus ride’ assignment takes place during this class.
November 5th – Meeting with Chris Cutler at Hamilton City Hall to discuss current issues
November 12th – Meeting with representatives from the Hamilton Tiger-Cats at Tim Horton’s Field
November 19th – Meet with Matt Thompson of the Beasley Neighbourhood Association
November 26th – Student seminars
December 3rd – Student seminars and wrap up

Assignment Descriptions & Evaluation Criteria:
Reflections (20%)
Throughout the course you will be asked to reflect on our discussions and journeys. Each week, starting with week two and ending week 11, you will be asked to complete a short reflection on your thoughts towards the class discussion. For example on September October 15th we will be visited by McMaster President Dr. Patrick Deane and you will be asked afterwards to discuss/write about the experience. On October 15th we will be taking a tour of downtown with Heritage Planners and on November 19th we will be touring the Beasley neighbourhood. Each of these days will call for a short reflection with instructions closer to the date. Each reflection will be worth 2% of your final grade.

Bus Ride (10%)
You are going to ride the bus. On Oct. November 5th you will take a bus from McMaster to Eastgate Square (http://www.eastgatesquare.ca/) where we will meet and discuss the journey. The final deliverable will be due November 20th with numerous types of formats allowable.

Student Seminar and Paper (35%)
Working as individuals or in groups of 2-3 students will be responsible for exploring an aspect of Hamilton. This could be done by choosing a geographic area to answering a pressing question. Students will be responsible for setting up readings and engaging the class in a discussion on the issue. Students will be graded on their presentation/seminar, the associated paper and their assessment of a classmate’s seminar. All papers are to be completed individually and will be due on November 28th.

Choose two of five assignments (20%)
In this case students will be given a series of short assignments where they can choose which ones they would like to do. This will be assigned on September 24th. Assignments will include options such as attending a public lecture (and reflecting on it).

Participation (15%)
Participation is extremely important for a class such as this. Each week we will be building on the knowledge of the week before making attendance imperative. Each week there will be small deliverables and class discussion that everyone is expected to participate in. During the September 15th class we will take some time to discuss what accounts as a quality class participant.

Policy Statements

Assignment Deadlines & Missed/Late Work:
Students are expected to hand in all assignments on the specified due dates. Late submissions will be subject to a penalty of 20% per day (including weekend days). Assignments submitted after the beginning of class on the due date will be counted as one day late. No assignments will be accepted after the last day of classes.
Given that some course assignments require electronic submission, you should familiarize yourself with the Avenue to Learn Assignment in advance of the deadlines, and ask for assistance as necessary. Problems with electronic submission WILL NOT be accepted as an excuse for lateness.

**Sustainable Written Work Submission Guidelines**

The written work submission guidelines have been chosen to support the more sustainable use of paper, energy, and toner, and meet the Platinum standard of the Office of Sustainability; [http://www.mcmaster.ca/sustainability/](http://www.mcmaster.ca/sustainability/). All written work should be submitted online.

**Academic Integrity Statement**

**McMaster Policy on Academic Integrity:**

You are expected to exhibit honesty and use ethical behaviour in all aspects of the learning process. Academic credentials you earn are rooted in principles of honesty and academic integrity. Academic dishonesty is to knowingly act or fail to act in a way that results or could result in unearned academic credit or advantage. This behaviour can result in serious consequences—e.g., the grade of zero on an assignment, loss of credit with a notation on the transcript (notation reads: “Grade of F assigned for academic dishonesty”), and/or suspension or expulsion from the university. It is your responsibility to understand what constitutes academic dishonesty. For information on the various types of academic dishonesty, please refer to the [Academic Integrity Policy](http://www.mcmaster.ca/academicintegrity), located at: [http://www.mcmaster.ca/academicintegrity](http://www.mcmaster.ca/academicintegrity).

The following illustrates only three forms of academic dishonesty: 1) Plagiarism—e.g., the submission of work that is not one’s own or for which other credit has been obtained. 2) Improper collaboration in group work. 3) Copying or using unauthorized aids in tests and examinations.

**MSAF Statement**

**McMaster Student Absence Form (MSAF):**

In the event of an absence, students should review and follow the Academic Regulations in the Undergraduate Calendar “Requests for Relief for Missed Academic Term Work.” Please consult the MSAF statement on our website ([https://artsci.mcmaster.ca/forms-requests/](https://artsci.mcmaster.ca/forms-requests/)) and direct any questions or concerns to Shelley Anderson or Rebecca Bishop in the Arts & Science Program Office.

**Academic Accommodation of Students with Disabilities Statement**

**Academic Accommodation of Students with Disabilities:**

Students who require academic accommodation must contact [Student Accessibility Services (SAS)](http://www.mcmaster.ca/studentaccessibility) to make arrangements with a Program Coordinator. SAS can be contacted by phone 905-525-9140 ext. 28652 or email [sas@mcmaster.ca](mailto:sas@mcmaster.ca). For further information, consult McMaster University’s [Academic Accommodation of Students with Disabilities policy](http://www.mcmaster.ca/studentaccessibility).

**Academic Accommodation for Religious, Indigenous, or Spiritual Observances (RISO) Statement:**
Academic Accommodation for Religious, Indigenous, or Spiritual Observances (RISO): Students requiring academic accommodation based on religious, indigenous, or spiritual observances should follow the procedures set out in the RISO policy. Students requiring a RISO accommodation should submit their request to their Faculty Office (i.e. to Shelley Anderson or Rebecca Bishop in the Arts & Science Program Office) normally within 10 working days of the beginning of term in which they anticipate a need for accommodation or to the Registrar's Office prior to their examinations. Students should also contact their instructors as soon as possible to make alternative arrangements for classes, assignments, and tests.

Email Contact and Student Responsibility Statement

Please Note:
The instructor and university reserve the right to modify elements of the course during the term. The university may change the dates and deadlines for any or all courses in extreme circumstances (e.g., severe weather, labour disruptions, etc.). Changes will be communicated through regular McMaster communication channels, such as McMaster Daily News, A2L, and/or McMaster email. It is the responsibility of students to check their McMaster email and course websites regularly during the term and to note any changes. Announcements will be made in class and by using the course email distribution list.
